

Note: Key data/information in this sample page is hidden, while in the report it is not.

Executive summary

China is one of the most important VE exporters at present in the world. Thanks to the low production cost and extensively application, synthetical VE occupys dominant position in global VE market compared with natural VE.

In China, large quantities of VE is produced by the top three largest VE producers, Zhejiang Medicine Co., Ltd. (Zhejiang Medicine), Zhejiang NHU Co., Ltd.(NHU) and PKU International Healthcare Group Southwest Pharmaceutical Co., Ltd. (PKU Southwest Pharmaceutical). It's estimated that the situation will keep stable in the coming several years.

The total capacity of VE, including VE oil and VE50, is about [REDACTED] t/a at the end of April 2011. And the total output of VE is about [REDACTED] tonnes in 2010 in China.
